Achievements &Participation

- Second position in Throwball (Regional Level).
- Participated in ZERONE Event.

Projects

- **Aviation Reservation**
  Design an Airline Reservation System web-based application which enables the customers to search and book flight and also contain fare tariffs, passenger reservations and ticket.

- **Tourism Management**

  Tourism Management is a web application that performs all operations related to traveling, booking and gives a variety of travel services.

- **C Pattern Programs(**hobby project.)

  A C patterns program app generates visually structured designs made up of characters, numbers, or symbols based on user input or predefined configurations. This app allows users to explore different pattern styles and customize their output for creative or educational purposes.
